This cow is the equivalent of New York Fashion Week. She is bursting with pomp, circumstance, and flair. She is big-boned and confident. Rosebud is a Cowboy Tuff Chex & Drag Iron granddaughter. She is red and white spotted and beginning to really roan as well. As of her last measuring, her horns are 84.75" TTT and will likely boast 90" TTT after some more years of continued growth! We are pretty stinkin' proud of this duchess of the pasture.

TTT: 84.7500 on 10/14/2022
