Silver Star begins with the greatest flush ever with Allen's Dark Cherry to Top Caliber. Three heifers were born and all three went over 90" T2T. Her dam was one of these three 90" females, Cherry Top and her sire the 85" T2T CV Call of Duty. She is bred to Formal Attire (Tempter x Horseshoe J Example "402" who has made it to 100" T2T. This is going to be one heck of a cross with a whole lot of twisted horn.
