A great producing bull! Horn, color, conformation, and most all DISPOSITION! High Caliber has taken our herd from having 60" mature females to having 60-70" 3 and 4 year old females. This is not a small feat in one generation. High Caliber has 2 daughters in club 90" and several in high club 80". He has no Cowboy Chex or Rio Grande in his pedigree. He is the perfect outcross bull on many popular genetics today.

Total Horn: 103.7500 on 05/21/2020
TTT: 87.5625 on 04/17/2024
