With Top Caliber as a kicker in her, Snipers Mist is projecting into the mid 90's and is on the way to becoming one of the longest TTT black and white cows this industry has seen. Her horn set is rolling out perfectly to go along with her well made stature. Snipers Mist is an outstanding producer and has given us 2 beautiful heifer calves. We wouldn't be considering selling her but have her full sister to keep these powerful genetics on the ranch!
